Walmart Community Grant

The Walmart Foundation has awarded Immanuel Lutheran School a \$1,500 grant to purchase a water bottle filling fountain. The fountain will enable students to hydrate safely by filling their own bottles. This is necessitated by the restrictions put in place due to COVID-19. The fountain has been ordered and will be installed when it arrives. The grant came through the Bastrop Walmart. We are grateful for the generous support of this local

Walmart. Please share the good news on your social media and give credit to the store.

PSIA

Last year the academic competition called PSIA was cancelled due to the virus. We planned to host it again this year but the spread of the virus has made that unwise. Instead we will have the PSIA as an in-school contest. Details will follow.

Upcoming Events:

Jan. 18	No School MLK Jr. Day
Jan. 23	ILS Basketball Triangular
Jan. 30	ILS JV Basketball Tourney

Graduation Outcomes Update

Somedays the world seems at a standstill due to the COVID-19 virus. That hasn't stopped our teachers and students from advancing toward the achievement of our graduation outcomes. One such outcome is for students to become involved in service to others. The sixth grade, through Coach Rhonda's religion class, demonstrated that this week. The pictures below show them installing the new basketball system in the playground. This was especially noteworthy because the sixth grade doesn't even use the playground.

Critical thinking and investigative skills is another outcome. Here the third grade students use deductive skills such as hardness and streaking to identify rocks.
