Personal Savings account that helps build churches and schools.

Starting this week:

Wednesdays: 7:20-7:50

Stamps: \$0.25 & \$1.00

Texas District Lutheran Church Extension Fund

COVID PROTOCOLS

Whew. What a week. The positive case numbers in the community are rising rapidly. A number of teachers have been hit along with some students. With the help of a number of teachers we were able to provide a quality education for those able to attend. Hopefully we are nearing a peak and will see the cases drop in the next couple of weeks.

As you know by now, we are not quarantining whole classes anymore just because someone tests positive. The infected person must isolate a minimum of 5 days and have no more symptoms in order to return. Upon return, masks are recommended for 5 days but not required. Members of the household must also quarantine. Temperatures are being taken twice a day as well. Parents have been very supportive by keeping sick children at home. Thank you.

Above right and right: Students design and build Roman aqueducts. The lesson required creativity and engineering as students saw the challenge of making water accessible.

COVID TESTING

We have been blessed to mostly avoid the virus this first semester. The federal government has made money available for testing students and teachers who think they may have COVID. Our school board has authorized Mr. Wolfgram to perform the tests. The first step is to fill out the consent form for the company that supplies the tests. After that, the school will provide a waiver/consent form each time a test is requested. The link for the company consent is <http://testcenter.concentricbyginkgo.com//minor-consent>. The access code is ILSCONSENT.

Upcoming Events:

- Jan. 14-15 Basketball @ San Antonio Tournament
- Jan. 17 No School Rev. Dr. Martin Luther King
- Jan. 26 Basketball pictures during PE
- May 7 Gala
